III. ACTION / DISCUSSION ITEMS

A. 2007 Sacramento "One Voice" Update

Summary: Fresno COG's 2007 "One Voice" delegation will be in Sacramento March 12th – 14th. Our group will be lobbying for the five regional priority projects that are enclosed in your package. Staff will provide a report on the trip at the Committee meetings this month. [DEVERE]

Action: Information/discussion item. Direction may be provided at the discretion of the Committee.

B. Measure "C" Update

Summary: Staff will provide an update on Measure "C" progress at the Committee meetings this month. [GOODWIN/BOREN]

Action: Information/discussion item. Direction may be provided at the discretion of the Committee.

C. Report on February California Transportation Commission (CTC) Actions

Summary: At its February 22nd meeting, the COG Policy Board heard two urgency items addressing recent CTC decisions related to the two items listed below.

- **Caltrans State Route 99 Bond Project List**
- **Corridor Mobility Improvement Account**

The COG Board agreed to send letters to the Commission in support of these projects. Copies of the COG Board's letters are enclosed in your packet. CTC will take action at its February 28th meeting in Irvine. Staff will provide an update on the CTC's actions at the committee meetings this month. [BOREN]

Action: Information/discussion item. Direction may be provided at the discretion of the Committee.

D. Blueprint Update

Summary: At its last committee meeting, the Blueprint Roundtable discussed several planning issues related to the project and will be continuing the discussion on drafting a formal Vision statement. The group also approved an outreach strategy that is intended to reach additional county residents as we move forward with the planning process and in anticipation of the more

technical modeling activities that will commence this summer. Staff will provide you with an update on outreach activities and solicit your feedback. [LAUCHNER]

Action: Information/discussion item. Direction may be provided at the discretion of the Committee.

E. Partnership Seed Grant – Finalists

Summary: Last month we reported on several concepts that had been submitted to the California Partnership for the San Joaquin Valley requesting seed grants. Two of those concepts have been invited to submit a full proposal for funding. We would like to provide you with details on the proposals.

1. Metro-Rural Loop Feasibility Study – This study responds to the necessary and urgent work of preserving the wide multi-modal transportation corridors needed to serve the millions who will reside and work in 17 cities over the next 100 years. It also has relevance to the scenario planning aspects of our Blueprint planning process. This multi-modal, multi-city and multi-county transportation corridor system proposes as its goal the direct and efficient linking of development in 14 incorporated cities in the Fresno and Madera Counties. Its further goal is to develop significant, sustainable, effective and attractive Smart Growth oriented regional metropolitan areas for the future of California. [BERGTHOLD]

Action: Staff and the Blueprint Roundtable recommend approval of the Metro-Rural Loop Feasibility Study.

2. Farmland Conservation Model Program - The goal of the Farmland Conservation Model Program is to develop a plan, strategy, and program to conserve prime agricultural lands in the Central Valley. The Program will build upon initial activities to identify farmlands of strategic importance, and to develop a program to protect farmlands that is consistent with long term planning goals that maintain agriculture as a key economic and cultural force in the region. The COG Policy Board took an action to support the Farmland Conservation Model Program grant application at its February 22, 2007 meeting. [SOBRADO]

Action: Information/discussion item. Direction may be provided at the discretion of the Committee.

F. Obligational Authority FY2006-07

Summary: Under Assembly Bill AB 1012, enacted in October 1999, agencies are required to obligate federal funds within three years of receiving their apportionments. To obligate, is to acquire the necessary authorization for spending federal funds (e76). Regional agencies are required to submit a plan to Caltrans to obligate any apportionment balances older than two years and to ensure that none of the apportionment balances reach three years of age. To accomplish this, Metropolitan Planning Organizations must submit an Obligation Plan to Caltrans for the determination of obligational authority needs for the remainder of the federal fiscal year. Fresno COG staff has prepared this plan in coordination with our member agencies.

We began the federal fiscal year with a \$28 million apportionment balance. \$15.5 million in new apportionment was added to this amount in 2007. To insure that we do not lose any funds from previous years (funds between 2 and 3 years old) we must obligate a minimum of \$9 million. However, we can obligate up to \$15.5+ million, the apportionment level for this year. To insure that we reach our obligational target, staff has developed the enclosed Obligation Plan. This plan outlines for Caltrans what projects will be submitted to them during the remainder of the 2006/07 federal fiscal year. All projects to be delivered in 2006/07 must be submitted to Caltrans by July 2, 2007. [DEVERE]

Action: Information/discussion item. Direction may be provided at the discretion of the Committee.

G. Caltrans Monthly Report

1. SAFETEA-LU Update—California Transportation Plan (CTP) 2025

Summary: Caltrans staff will provide an update on Caltrans activities including an update on the SAFETEA-LU, California Transportation Plan (CTP) 2025. [CALTRANS]

Action: Information/discussion item. Direction may be provided at the discretion of the Committee.
