AGENDA

1. Action/Discussion Items

- A. Closed session: Significant exposure to litigation (Government Code Section 54956.9(b)).

Chairman Feasel dismissed everyone except legal counsel and convened the closed session. Open session was reconvened at 3:53 p.m.

- B. Rehearing of the prior adoption of the CLUP for FYI.

Chairman Feasel asked for comments from the Commissioners prior to opening the rehearing. Mr. Wilson started the discussion regarding his belief that the airport had knowledge of the F-15s coming to Fresno and this information was not shared with the Commissioners. He went on to make a motion to rescind the CLUP and revise it with the F-15 profile. Mr. Magsig noted that the Commission needed to hear from the public prior to a motion being made. Mr. Wilson rescinded the motion until public comment. Ms. Poochigian asked about the cost and time frame to update the CLUP. Tom Webster (COG Staff) noted the CLUP is in line with the CalTrans Handbook and the staff recommendation is to keep the CLUP as is. Mr. Wilson asked about other possible changes to the CLUP if the F-15s come to Fresno. Kevin Meikle, City of Fresno Airport Administration, commented that according to his conversations with the FAA only the noise contour map would change and it

would cost approximately \$150,000 to \$200,000 to update. He also commented that, according to the FAA, the CLUP cannot include F-15s until the Air National Guard has completed their Environment Impact Study (EIS). Mr. Wilson asked about the southeast contours on the draft map and the impact of F-15s on these contours. Until the ANG completes their EIS and defines the mission of the F-15s there is no way to know what this impact will be. The rehearing was closed and discussion among the Commissioners continued.

A motion to keep the CLUP as is and have staff work with the City to update as information comes available from the Air National Guard was made by Commissioner Lucido and seconded by Commissioner Magsig. A roll call vote was made and the motion carried 4-3.

2. Adjourn

A motion to adjourn was made by Commissioner Lucido and seconded by Commissioner Magsig. A vote was called for and the motion carried unanimously. The meeting was adjourned at 4:48 p.m.

Respectfully submitted,

Laural Fawcett, Assistant Regional Planner
Fresno Council of Governments,
