

Join Us at an Upcoming Golden State Corridor Planning and Infrastructure Improvement Workshop

The public is invited to review preliminary design plans, landscaping concepts and environmental issues for the proposed Golden State Corridor Improvement Project

Fresno Council of Governments (COG) is currently coordinating development of the Golden State Corridor (GSC) Improvement Project with the County of Fresno and the cities of Fowler, Selma and Kingsburg. The purpose of the project is to combine traffic and intersection improvements with planning design guidelines, while accommodating alternative modes of transportation to enhance safety and the economic development potential of this important and historic transportation corridor. The project includes preliminary design plans and environmental studies that will define and illustrate future corridor improvements. When this phase of the project is completed it will outline planned upgrades to the roadway, update intersections and traffic signals along the 14+-mile corridor, it will meet cultural and historic preservation goals, as well as incorporate individual plans to emphasize the unique identity of each city.

Three presentation/public workshops will be held to discuss the Golden State Corridor Improvement Project. The Project Team (consultants and agency staff) will be available to discuss the design plans and environmental studies with you and to answer any questions you may have. The comments received at these workshops will become part of the public record and will be carefully considered by the Project Team as they complete their work on the Project. The Project Manager for the Fresno Council of Governments is Lauren Dawson.

NOTE: Donated Door Prizes will be given away during each of the workshops!

Please attend one of the following Public Workshops to learn more about this important regional Project:

June 14, 2011
6:00 p.m. - 8:00 p.m.
Favorito Restaurant (Social Hall)
115 N. 6th Street
Fowler, CA 93625

June 28, 2011
7:00 p.m. - 9:00 p.m.
City Hall
1710 Tucker St.
Selma, CA 93662

July 20, 2011
5:00 p.m. - 6:30 p.m.
City Council Chambers
1401 Draper Street
Kingsburg, CA 93631
