

FRESNO COG MONTHLY LEGISLATIVE REPORT

June 2011

FEDERAL

H.R. 662 – Surface Transportation Extension Act of 2011 (SAFETEA-LU)

This bill passed favorably in Congress and signed by the President on March 4, 2011. Extended programs through September 30, 2011.

H.R. 658 – FAA Reauthorization and Reform Act of 2011 (Mica)

Terminates the Essential Air Service (EAS) Program on October 2013 in all states except Alaska and Hawaii. EAS provides federal subsidies to approximately 140 rural communities across the country that otherwise would not receive any scheduled air service. Bill includes other proposals. Passed the House April 1st. Senate's version increases spending for EAS. Apr 7, 2011, bill passed in the Senate and House with changes by Unanimous Consent. May 9, 2011: Senate action sent to the House. The bill will now proceed to a conference committee of senators and representatives to work out differences in the versions of the bill each chamber approved.

H.R. 760- San Joaquin Valley USDA Rural Definition Inclusion Act (Nunes)

Authorizes the Secretary of Agriculture to designate certain parts of the San Joaquin Valley as rural area for purposes of programs under the Consolidated Farm and Rural Development Act. Includes the counties of Fresno, Kern, Kings, Madera, Merced, San Joaquin, Stanislaus and Tulare. Currently in House Committee. Introduced Feb. 17, 2011 and Referred to the House Committee on Agriculture.

H.R. 761- San Joaquin Valley Transportation Enhancement Act of 2011 (Nunes, McCarthy, Denham)

Allow federal funding provided to the State of California as a result of the American Recovery and Reinvestment Act of 2009 for the purpose of developing the high-speed rail service be used for a project or activity to improve or maintain California State Route 99. Bill includes other proposals. Bill is now in House Sub-Committee. Introduced on Feb. 17, 2011 and Referred to House Committee on Transportation and Infrastructure: Referred to the Subcommittee on Highways and Transit on Feb 18, 2011. Apr 18, 2011: House Committee on Transportation and Infrastructure: Referred to the Subcommittee on Highways and Transit.

H.R. 1585 – Funds in Lieu of Participating in Federal Program (Lankford)

Introduced March 15, 2011. This bill would allow States to elect to receive contributions to the Highway Trust Fund in lieu of participating in the Federal aid highway program or certain public transportation programs. As of April 18, 2011, it is in the House Committee on Transportation & Infrastructure: Referred to Subcommittee on Highways and Transit.

H.R. 1582 – Commonsense Ozone Regulations Act (McCarthy, Denham, Issa, Nunes)

Gives the San Joaquin Valley and the Los Angeles area a five-year pass from stricter limits on ground-level ozone – the main ingredient in smog. Would eliminate a \$29 million fine by eliminating EPA's one hour ozone standard, which was put in place in 1979 and vacated when a tougher eight-hour standard was issued. Apr 25, 2011: House Committee on Energy and Commerce: Referred to the Subcommittee on Energy and Power.

H.R. 1604 – Alleviate Extra Regulatory Burdens and Reduce Costs (Denham, Cardoza, Herger, McCarthy, Nunes)

Would streamline processes for federally funded construction projects in the Central Valley. Streamlining would eliminate the duplication of efforts in satisfying environmental review processes, allowing the federal requirements of the National Environmental Protection Act (NEPA) to be satisfied with the completion of the California Environmental Quality Act (CEQA). Currently in House Committee.

H.R.2389 - Environmental Review Cooperation Act (Miller, co-sponsored by: Denham, Issa, Cardoza, Bilbray, Thompson, Rohrabacher, Calvert, and McCarthy).

Introduced on Jun 24, 2011: Referred to the House Committee on Transportation and Infrastructure. The bill would create a new pilot demonstration program whereby States and local governments could carry out the responsibilities of the Secretary of Transportation with respect to highway projects through implementation of State environmental laws instead of Federal laws.

S. 198 & 199 – Redistribution of Unspent Earmarks Act of 2011 & Use it or Lose it Act of 2011 (Casey)

Return and redistribute funds made available from the Highway Trust Fund through an earmark for fiscal year 2008 or preceding fiscal year that remain unobligated as of the date of enactment to the State in which earmarked funds were directed to be used. NOTE: **S. 199** would set a timeframe for all future Highway Trust Fund earmarks to be obligated within 3 years. If not obligated within the time frame, funds would be returned to the State with jurisdiction over the original earmark. Apr 19, 2011: House Natural Resources: Referred to the Subcommittee on Water and Power.

Summary: Current law, the Lanterman Developmental Disabilities Services Act, authorizes the State Department of Developmental Services to contract with regional centers to provide services and supports to individuals with developmental disabilities. This bill would, if a specified provision of the Budget Act of 2011 is operative, state the intent of the Legislature for the department to identify up to \$100 million in General Fund savings from the developmental services system, as prescribed. This bill would authorize the department to utilize input from prescribed workgroups. This bill would require, as prescribed, the department to report to the Joint Legislative Budget Committee within 10 days of the specified reduction as directed within the Budget Act of 2011. This bill contains other related provisions and other current laws.

2Year Dead	Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
	1st House				2nd House							

Summary: Current law, the California High-Speed Train Act, creates the High-Speed Rail Authority with 9 members to develop and implement a high-speed train system in the state, with specified powers and duties. Current law, the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, approved by the voters as Proposition 1A at the November 4, 2008, general election, provides for the issuance of \$9.95 billion in general obligation bonds for high-speed rail and related purposes. Current law requires the authority to adopt and submit to the Legislature, every two years, a business plan. This bill would revise and recast these provisions by repealing and reenacting the California High-Speed Train Act. The bill would continue the High-Speed Rail Authority in existence with limited responsibilities. The 5 members of the authority appointed by the Governor would be subject to Senate confirmation, but current members could continue to serve the remainder of their terms. The bill would create the Department of High-Speed Trains within the Business, Transportation and Housing Agency. The bill would transfer certain of the current powers and responsibilities of the authority to the department and would specify additional powers and duties of the department relative to implementation of the high-speed rail project. The bill would require the department to prepare the current high-speed train business plan and a new high-speed train capital program every 2 years, which would both be reviewed and adopted by the authority after a public hearing prior to submittal to the Legislature. The director of the department would be appointed by the Governor, subject to Senate confirmation. The bill would enact other related provisions.

Summary: Current law creates the High-Speed Rail Authority with specified powers and duties relative to development and implementation of a high-speed train system, including the acquisition of rights-of-way through purchase and eminent domain. Current law, pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, approved by the voters as Proposition 1A at the November 4, 2008, general election, provides for the issuance of \$9.95 billion for high-speed train capital projects and other associated purposes. This bill would enact similar exceptions, authorizations, and exemptions relative to real property obtained for high-speed rail purposes by the High-Speed Rail Authority. The bill would make various additional conforming changes. The bill would also enact new provisions governing acquisition or disposal of right-of-way property by the authority , and would require the authority to provide a record of real property parcels it owns to the Department of General Services by July 1, 2014, and annually thereafter . The bill would require payments for leases or other conveyances of property controlled by the authority to be deposited with the authority for use in development, improvement, and maintenance of the high-speed rail system. Summary: Current law generally provides for programming and allocation of state and federal transportation capital improvement program funds pursuant to the state transportation improvement program process administered by the California Transportation Commission. This bill would enact similar provisions authorizing the department to make loans from the State Highway Account of other specified federal transportation funds to advance bond-funded projects pursuant to the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 that meet certain requirements. The bill would appropriate those federal transportation funds in the State Highway Account for these purposes and would require those funds to be obligated to advance the bond-funded projects, as specified. The bill would require the loans to be repaid to the State Highway Account from the proceeds of bonds sold pursuant to the bond act and would provide for the appropriation of those repaid funds to the department for use on projects in the state highway operation and protection program or the local assistance program, as specified. The bill would require the department to report to the Joint Legislative Budget Committee each year that federal transportation funds are loaned pursuant to these provisions. This bill contains other current laws.

Summary: Current law continuously appropriates the amounts specified in the annual Budget Act as having been deposited in the State Highway Account from federal transportation funds, and pledged by the California Transportation Commission, to the Treasurer for the purposes of issuing federal highway grant anticipation notes, commonly known as GARVEE bonds, to fund transportation projects selected by the commission. This bill would provide that an "eligible project" may include projects programmed by a regional transportation planning agency using its share of apportionments of federal regional surface transportation program funds or congestion mitigation and air quality funds, as specified. The bill would authorize no more than 50% of bonding capacity of GARVEE bonds from being made available for these projects and would require the commission to require a regional transportation planning agency to commit to repaying the state for debt service if that agency's share of federal regional surface transportation program funds or federal congestion mitigation and air quality funds is insufficient to repay the GARVEE bonds or if a portion of the project costs is ineligible for federal funding. The bill would, for such a repayment by a regional transportation planning agency, authorize the commission to amend into the State Transportation Improvement Program some or all of the funds necessary for the repayment to be counted against the county share of State Transportation Improvement Program funds for the county in which the project is located. By expanding the types of projects for which GARVEE bonds may be used, the bill would make an appropriation.

Summary: Current law, the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006, authorizes the issuance of general obligation bonds for various transportation purposes. Current law requires that \$1,000,000,000 of those funds be deposited in the Transit System Safety, Security, and Disaster Response Account, administered by the California Emergency Management Agency (Cal EMA), for capital projects that provide increased protection against a security and safety threat, and for capital expenditures to increase the capacity of transit operators to develop disaster response transportation systems, as specified. Current law requires 25% of the available funds to be allocated to certain regional public waterborne transit agencies. Current law requires entities receiving funds from the account to expend those funds within 3 fiscal years of the fiscal year in which the funds were allocated and requires that funds remaining unexpended after those 3 years revert to Cal EMA for reallocation in subsequent fiscal years. This bill would declare that it is to take effect immediately as an urgency statute. This bill contains other current laws.

Summary: Would enact the Central California Railroad Authority Act to create the Central California Railroad Authority as an alternative for ensuring short-line railroad service in the Counties of Kern, Kings, Tulare, Fresno, and Merced. The bill would require the authority to be governed by a board of directors who would be appointed by the council of governments or county association of governments within the Counties of Kern, Kings, Tulare, Fresno, and Merced, thereby imposing a state-mandated local program. The bill would authorize the Counties of Madera, Stanislaus, and San Joaquin to elect to join the authority. The bill would set forth the powers and duties of the authority, as specified. The bill would require the authority to conduct its first meeting not later than 120 days after abandonment or discontinuance of service on, or the bankruptcy or sale of, the short-line railroads in the members have formed a joint exercise of powers agreement to implement and manage the authority. The bill would authorize the authority to acquire and operate railroads or select a franchisee to operate a rail transportation system, to prepare a plan for acquisition and operation of specified railroad lines, and establish criteria for the award of a franchise for the acquisition, financing, and operation of the railroad system. The bill would further authorize the authority to issue revenue bonds pursuant to the Revenue Bond Law of 1941. The bill would provide that the state is not liable for any contract, debt, or obligation of the authority. The bill would prohibit the authority from being a claimant for Transportation Development Act funds or from receiving funds from the Public Transportation Account. The bill would also state the intent of the Legislature in enacting the authority. This bill contains other related provisions and other current laws.

Summary: Current law authorizes a governmental agency, as defined, to solicit proposals and enter into agreements with private entities for the design, construction, or reconstruction by, and lease to, private entities, for specified types of fee-producing infrastructure projects. Current law permits these agreements to provide for infrastructure facilities owned by a governmental entity, but constructed by a private entity, to be leased to or owned by that private entity for a period of up to 35 years, after which time the project would revert to the governmental agency. This bill would authorize a local

governmental agency to enter into an agreement with a private entity for financing for specified types of revenue-generating infrastructure projects. The bill would require an agreement entered into under these provisions to include adequate financial resources to perform the agreement, and would additionally permit the agreements to lease or license to, or provide other permitted uses by, the private entity.
