Carol Ornelas, CEO, Visionary Home Builders

The eight regional planning agencies in the San Joaquin Valley came together to develop a coordinated valley vision for future growth - the San Joaquin Valley Regional Blueprint. This eight county venture was first conducted within each county. Then each county's vision was integrated to form a preferred vision for future development throughout the Valley to the year 2050.

In an effort to recognize projects that are "Blueprint friendly", the Valley's eight Regional Planning Agencies created an awards program specifically designed to honor those that reflect the Blueprint Principles (see principles below). More information on the eight Valley Planning Agencies can be found at <http://www.sjvcogs.org>

Nominations were solicited from throughout the San Joaquin Valley for smart growth projects. The judges reviewed the nominations and selected several for their efforts. We are pleased to congratulate this year's Blueprint Awards recipients.
